

SPAIN'S KING A YACHT RACER.

Alfonso Has Engaged Capt. Stephen Barbrook, a British Seaman, as Sailing Master.

London.—Tollesbury, a little seaside town in the county of Essex, England, is bursting with pride over a signal honor which has been bestowed on one of its sons—Stephen Barbrook. He has been appointed captain of the king of Spain's new racing yacht, Hispania, and has just departed from his native town to wrestle with the Spanish language and a—partly—Spanish crew at San Sebastian. When his mastery of the language is complete, he will be

Capt. Stephen Barbrook.

able to mix strange Spanish oaths in his talk quite after the manner of the old Elizabethan sea captains.

His chief task at present is picking the "Hispania" and her crew into shape for the Cowes regatta, at which her royal owner has entered her for several races, and he will be assisted in his task by several Tollesbury men, who have gone with him as part of the crew. The course is well known to him, for as recently as last year he steered Sir James Pender's Brynhild to victory there, and besides he has won some four hundred prizes in the last four years in yacht racing. So, if the Hispania behaves herself, and "the little cherub that sits up aloft" does likewise, his Spanish majesty stands a good chance to carry off some prizes during the coming yachting season.

Tollesbury is a home of sea dogs. Capt. Barbrook's father is one of the oldest of them, and now surely the proudest. His son has loved the sea since his boyhood; took to it like the smallest duckling to the neighboring pond, and has lived on it and near it ever since. He is well known among yachting men and such authorities as Sir Thomas Lipton, Sir James Pender and Mr. Fife were amongst those who sang his praises to King Alfonso.

A PONY THAT HUNTS MINES.

Arkansas Steed Has Brought Owner Tidy Sum—Leaves Kentucky Thoroughbreds Behind.

Kansas City.—Sometimes the shaggy "cow" pony is worth as much as the pedigreed race horse. In Mountain Home, Ark., there is Ol' Paddy to furnish the example. Though this cow pony is only 15 years old he has brought William D. Napier, his owner, \$12,000 in fees for services in locating mine claims. That means 30,000 acres of zinc and lead lands valued at al-

most a million dollars. Ol' Paddy raced on to the claims long after the sleek horses from Kentucky had dropped from exhaustion. He has made from 100 to 116 miles in twenty-four hours—Ozark miles, up hill and down, over some of the roughest roads in the west. In one year he has gone more than 5,000 miles, and in the total of his services may have covered 34,000 miles.

Jerry South, formerly lieutenant governor of Arkansas, adds another feature to the account of Ol' Paddy's record.

"More miles, and faster than any other horse in northern Arkansas, perhaps," he says. "And certainly—on less feed!"

At First Glance.

"That quartet of spunky lovers certainly did blush when the rough old fellow caught them at it."

"A case of four blushing at his blushing ways."

ONLY ONE HE EVER LOVED.

The Widower—Mary, do you know you are the only woman I ever loved?

The Widow—Oh, dear, George, you don't mean it?

The Widower—Yes, the rest were all girls!

PROVED BY TIME.

No Fear of Any Further Trouble.

David Price, Corydon, Ia., says: "I was in the last stage of kidney trouble—lame, weak, run down to a mere skeleton. My back was so bad I could hardly walk and the kidney secretions much disordered. A week after I began using Doan's Kidney Pills I could walk without a cane, and as I continued my health gradually returned. I was so grateful I made a public statement of my case, and now seven years have passed, I am still perfectly well."

People Becoming Interested.

Evidence of the popular interest in the anti-consumption crusade is given in a statement made by the National Association for the Study and Prevention of Tuberculosis, to the effect that during the year ending August 31, nearly 5,000,000 people have attended tuberculosis exhibitions in various parts of the country. Besides the three traveling tuberculosis exhibitions of the national association, there are 28 exhibits of this kind throughout the United States. Four years ago there were only three such displays in the entire country.

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

Try the Laughter Cure.

If laughter is good for the bodily well being it is equally good for mental health. We are beginning to realize this. Anxiety, fear, worry are deadly enemies to the mind. Fight against them and against every influence that tends toward mental depression as you would fight against a temptation to dishonesty.

PAINT BEAUTY.

Assured of durability, the next thought in painting is beauty—the complete aim being durable beauty, or beautiful durability.

National Lead Company here again offer you the co-operation of their paint experts—this time in the line of color schemes, artistic, harmonious and appropriate. You have only to write National Lead Company, 1902 Trinity Building, New York City, for "Houseowners' Painting Outfit No. 49," and you will promptly receive what is really a complete guide to painting, including a book of color schemes for either exterior or interior painting (as you may request), a book of specifications and also an instrument for detecting adulteration in paint materials. Wedding Fee in Installments.

Some of the squirrels in rustic New Jersey seem to be pretty hard pushed for cash. To get the cash they do not hesitate to use most unusual methods. One of these J. P.'s advertised the other day that he was ready and willing to marry couples at any time, day or night, for a consideration of \$5 and that he was willing to accept \$1 in cash down and the rest in weekly installments of \$1 until the fee of \$5 was paid up. The very night after the first appearance of this advertisement the J. P. referred to was called upon to "make good" his bluff. Shortly after midnight a couple which had come in an automobile awakened him from his sleep and asked to be married under the installment plan offered in the advertisement. And the J. P. was game and made good.

Latest from Michigan.

This is the latest from Atchison: A young visiting man was declaring that the theory is all nonsense about kissing being dangerous on account of germs conveyed from one mouth to another. "I've kissed hundreds of girls," he declared, "and I'm not dead yet."

Promptly one of the listeners inquired: "But what about the girls?" —Kansas City Journal.

Sheer white goods, in fact, any fine wash goods when new, owe much of their attractiveness to the way they are laundered, this being done in a manner to enhance their textile beauty. Home laundering would be equally satisfactory if proper attention was given to starching, the first essential being good Starch, which has sufficient strength to stiffen, without thickening the goods. Try Defiance Starch and you will be pleasantly surprised at the improved appearance of your work.

Unfortunately Coupled.

Allison tells how during Napoleon's Egyptian campaign no sooner were the Mamelukes observed at a distance than the word was given: "From square; artillery to the angles; asses and mulemen to the center." The command afforded no little merriment to the soldiers even at such an exciting moment, and made them call the asses demi-asses.
